Outcomes Assessment

Cerro Coso Community College is committed to the ongoing assessment of student learning in academic programs and through student services through a systematic, college-wide assessment plan. The results of assessment provide clear evidence of student learning and are used to make further improvement to instruction and services.

The College embraces the idea that learning assessment is a natural extension of instruction and student services and that all departments and units have a responsibility to regularly evaluate the knowledge and skills that comprise student learning and student achievement and make adjustments in operations or teaching methodology to increase student achievement.

Committee

The Outcomes Assessment Committee meets monthly to review learning outcome processes and provide guidance on outcomes assessment.
