Administration of Justice AS-T

What can I do with this?

We are now offering associate degrees for transfer to the CSU. This provides a clear pathway to a CSU major and baccalaureate degree. This AS-T degree guarantees admission with junior standing somewhere in the CSU system and gives priority admission consideration to your local CSU campus or to a program that is deemed similar to your community college major. This priority does not guarantee admission to specific majors or campuses. [More information on the Degree with a Guarantee Program.](#)

The Administration of Justice Degree for Transfer

- Guarantees acceptance to the CSU system
- Prepares students for transfer to complete work for a bachelor's degree in criminal justice or economic crime investigation
- Enables students to study other academic disciplines, such as
 - political science
 - sociology
 - public administration
- Is appropriate for students considering law school as well as certain careers in law enforcement

Current and prospective community college students are encouraged to meet with [a counselor](#) to review their options for transfer and to develop an educational plan that best meets their goals and needs.
