Coming Up [View Calendar](#)
Nothing for the next week

The Learning Assistance Center (LAC) is one of two departments housed within the Learning Resource Center. Each Campus has a LAC and provides similar services. Each LAC strives to offer learning services that support you in your educational endeavors at Cerro Coso Community College.

Peer Tutoring

Our peer tutoring is an appointment based program designed to support your study habits and use of strategies to effectively learn course material.

Online Peer Tutoring

Would you like to meet with one of our tutors but are not within a reasonable distance to campus? Online tutoring may be an option to get the assistance you need. Complete the [request tutoring online form](#) and answer yes to the question, "would you prefer online tutoring?" Online tutoring is done through Zoom and does not require a download to your computer, tablet, or phone. Once you have scheduled an appointment, just click the link sent via email to connect to your tutor.

[tutoring request form](#) - please indicate whether you prefer online tutoring

Math and Writing Labs

Our labs are drop-in, no appointment needed spaces where students can work with math and English faculty to learn course material. Students can drop-in for 5 minutes or multiple hours as they work toward learning material and completing assignments for their courses. When students have questions, they raise their hand or speak to the instructor on duty. Math instructors can assist in all things math and English instructors can assist in all things writing. Visit [Math and Writing Labs](#) for the schedule on your campus.

Availability: Currently available at IWV (Ridgecrest), ESCC Bishop, and ESCC Mammoth - a Math Lab is available at Tehachapi and at KRV (Lake Isabella).

Drop-in Peer Tutoring

Much like the math and writing labs, drop in tutoring is designed to assist students with no appointments. This service is not a 1-to-1 experience; rather, it is an opportunity to get assistance with key issues you may be having with coursework or understanding concepts that are crucial to your success. Visit [Drop-in Tutoring in Ridgecrest](#) for more information.

Availability: Currently available at IWV (Ridgecrest) and KRV (Lake Isabella). ESCC Bishop, and ESCC Mammoth have drop-in learning support in the LAC that is facilitated by Leigh Duggan.

Student Athlete Study Hall

Study Hall is a requirement for all athletes at Cerro Coso. Please visit [Student Athlete Study Hall](#) to learn more about the resources available to you during study hall.
