The LAC has always been very helpful. Always welcome and friendly, I just wanted to say thank you for all the support that is provided for us students, keep up the good work!

Leigh is absolutely amazing!!!! Every time I go to get help and revision for my essays she helps bring my essay grade from B material to A material every time!

Very great tutoring organization at this community college. Very appreciative of a free service offered.

Encourage more tutors/students to advocate that other student to get tutoring.

Although I didn't get much tutoring, the tutoring I did get was very helpful for doing my first Speech, thanks to Leigh!

The LAC services would be more useful if the hours and days were expanded. Thank you for asking!

**Provide us with your insights about your experience at the Math and Writing Labs. Let us know how we can improve our services to you and other students. (e.g. What could make this service more useful?)**

Its a helpful thing for students.

Leigh and Carlos are amazing human beings.

How valuable of a program this has been and hopefully will continue to be. Also, professor Jacqueline Kessler is a superstar, I have never officially taken a class with her however I consider her a mentor.

The lab is wonderful and gives me the extra confidence and the extra-push of motivation to succeed. Thank you for letting this Math Lab be a part of Cerro Coso Community College in Tehachas.

The math tutors are amazing and helpful. Please keep this service. It is especially helpful for online students.

I feel that the tutors are very eager to help with any questions.

The system would frequently crash or close during labs and I would lose progress, forcing me to redo work or start a unit over. That part of the labs was very frustrating.

Some students (like me) who might require a special space for study and the student who blows their nose louder than a saber tooth tiger 50 times a day and sleeps at OUR workstation with 50 dirty tissues.

thank you for the peer tutor Ryan for stats! he was awesome! and professor Chen is great too.
