Basic Function	<p>Basic Function: This is a full-time, tenure-track, 175-day position as a community college Mathematics Instructor. Teaching faculty are responsible for providing a full professional week which includes but is not limited to 15 units of Mathematics, and may include classes at the developmental, college, and transfer levels. Other duties include holding office hours, maintaining subject matter currency, using computer and multimedia technology for increased student engagement, attending department and college meetings, and participating in institutional activities. Examples of institutional activities are assisting with student outreach and recruitment; participating in articulation events with high schools and four-year schools as appropriate; developing and maintaining community connections; working with department and division colleagues to address student equity gaps; developing and revising curriculum; defining, assessing, and analyzing student learning outcomes; collegially participating in departmental, college and discipline-specific professional activities.</p> <p>This assignment may include teaching at other campus sites, evening classes, large classes, and distance learning. Cerro Coso also serves two correctional facilities.</p>
Education and Experience	<p>Minimum Qualifications:</p> <p>Master's in mathematics or applied mathematics;</p> <p>OR – Bachelor's in mathematics or applied mathematics AND Master's in statistics, physics, or mathematics education;</p> <p>OR – Possession of a valid credential which authorizes full-time teaching of Mathematics at the California Community College level;</p> <p>OR – The equivalent. Certain combinations of education, experience, and other accomplishments in the field may be judged as equal to the stated minimum qualifications for these positions. Candidates who feel they possess such equivalent qualifications must request and submit an APPLICATION FOR EQUIVALENCE form. Supporting documents must be included with the completed form.</p> <p>AND – A demonstrated sensitivity to students with diverse academic, socio-economic, cultural and ethnic backgrounds and students with disabilities.</p> <p>Note: Degrees and credits must be from accredited institutions (Title V Section 53406). Any degree from a country other than the United States, including Canada and Great Britain, must be evaluated by an evaluation service.</p> <p>Note: The screening of candidates will be conducted by a screening committee. The screening committee reserves the right to limit the number of interviews granted. Meeting the minimum qualifications for a position does not assure the applicant of an interview.</p>
