6. Work Study

6.1 Presentation of the Kern Community College District Tentative Budget for 2017-18 as recommended in the Business Services Report

Per Title 5, Section 58305(a), the Governing Board of a District must adopt a tentative budget by July 1st of each year. Interim Chief Financial Officer, Deborah Martin presented a summary of the proposed draft 2017-18 Kern Community College District budget to include: executive summary, apportionment allocations, general fund budgets for all three colleges and the District Office, KCCD Measures G and J funds, and the GANN limit worksheet for 2017-18.

Trustees Thomas and Corkins had several questions relating to several budgetary issues and their impact on the proposed tentative 2017-18 budget. The questions focused on change in reserve levels between the 2015-16 adopted budget and 2017-18 tentative budget, the 50% law compliance and how it is monitored internally and reported to the State Chancellors office, Full-time Faculty Obligation (FON), current hiring status of faculty to meet 2017 FON, and the amount of Trustee directed reserve expenditures in 2015-16. There was further discussion regarding continuing to increase district-wide reserves and internal 50% law calculations between the three colleges and the district office.

A copy of said Report B-85-17 in the Supplementary Minutes File is hereby made a part of the minutes of this meeting by reference as if fully set forth herein.

6.2 Discussion on alternative presentation of Board Items subject to ratification

In a response to a request made by a board member at a previous meeting, Chancellor Burke

presented an alternative agenda layout for ratification items only under Business Services and Educational Services. The new format would place the consent items on a spreadsheet, divided by college as oppose to the current individually listed items per section. The spreadsheet would include columns for: name of the contract, description of services to be rendered, college location, duration of the contract/agreement, total cost, and funding source. All corresponding attachments will be available for review by the Board.

Consent construction items as well as Human Resources items would remain in the current format. No changes will be made to the current format for approval items.
