| 7. Curriculum a. CIC Dates 1. Faculty Chair Timeline b. CurricUNET |             | Faculty Chair Timeline for CIC – the chart was reviewed along with the CIC dates. The chart provides a variety of scheduling, planning, curriculum, SLO/PLO, and program review information for the year. Pre-requisites must be reviewed every two years. We need to create a report to statistically validate the pre-requisites. There was a great deal of discussion regarding pre-requisites which will continue in the CIC meetings. November 15 <sup>th</sup> is last CIC meeting date for entry in the 2014-2015 catalog. Transfer degrees: required – Business Admin, Early Childhood Education, and Computer Science; being considered  |   | X |
| c. C-ID Information  |             | CI-D – taken the place of every other effort of common course numbering statewide. The common course descriptors are developed by inter segmental faculty groups. Highly beneficial and we need to consider getting some of our faculty on the group. There is pay associated with this. This is an opportunity to obtain some great experience and first-hand knowledge of how the articulation is done. CI-D is required for any course in a TMC. Heather will work with the faculty and will have a more thorough presentation during faculty flex later this week. CHDV is complete through CI-D, and we have not heard anything back from the math courses we forwarded. This process can take time so we need to get the information through CI-D as quickly as possible. There are conditional acceptances, and we have one year to make the corrections, which should be a fast-tracked process through CIC. It is required that the discipline area approve first, Heather is available to help. Try to align as closely as possible to the course content. CI-D states it can be additive. We will begin to place CI-D numbers in the catalog so November 15 <sup>th</sup> is the deadline for this. Courses need to be submitted for CI-D approval, but we don't need to wait for approval. Plan accordingly and don't miss the important deadlines. |   | × |

| 8. Scheduling   | C. Marin    | Scheduling Sheets – these will be sent out electronically. First draft of Spring 2014 will be due September 9 <sup>th</sup> submit to Corey for Liberal Arts and Sciences, and Valerie for CTE. DO NOT SEND TO MAGI. With Shelley retiring some of her jobs will be transitioning to Magi, and some of Magi's jobs will be transitioning to the CIC chair and other people in the office. CIC Chair will be responsible for the agenda, Magi will still do the minutes, but she will no longer have admin rights or do the things she used to do for the CIC group.  Class cancellations – this will be a triple conversation. Include the campuses if the cancellation includes their area, or Charles for online. Think about the area it will affect and include the appropriate parties to include in the email.                            |   |   |

Marvin   | AUP Template – Mission and how it contributes to the college mission, partnerships has expanded,  Goals = are the overall college goals which have objectives to achievestrategy is how each department will work toward the overarching college goals.  Progress on department strategies – this will be the update from the strategies you wrote for the current year, no more than one page, and then on October 15 <sup>th</sup> a final report you will provide the full report out of the current years strategies.  We are asking you to reflect this year on last year's strategies.  Fall 2012 — 2013 – 2014  1 Mid-Term Report – March 1, 2014 2 Final Report – October 15, 2014 3  Student Success Plan now falls in between the Division Plan and the Resource Request Plan. So it is important to be accurate in this information. |   | X |

| 11. Other Items:                          | C. Marvin   | Healthcare Reform – is has arrived – we have numerous faculty members who are non-   | Х |   |
| a. Healthcare Reform                      |             | compliant. They are over the 30 hour limit for one reason or another. Affordable care act states anyone over 75% you must offer health care. Summer school pushes them over the 75%, AJ is over due to the academies. The Affordable Care Act has been delayed for one year and we may opt to pay the penalty and we must have 95% of employee under the line. This is all under discussion. The adjunct summer session will be a piece of discussion. Right now we are out of compliance. |   |   |
| b. Auditing                               |             | Auditing – looking at auditing processes and 3 colleges vastly different. This is a problem now - \$15.00 audit fee is now an issue and 1/3 cost of class. This will be discussed more at VP level.  | Х |   |
| c. Satisfying DEO: FW vs. 14<br>days drop |             | DOE – we have been very consistent in our 14 day drop. Conversations now developing about district wide offering an FW grade. FW would be given to those students that stopped attending, as opposed to the earned F. The 14 day process is much more efficient and a student success strategy. This is not an administrative issue, but this may be an issue with faculty at the other colleges.  | X |   |
| d. Phones in Classroom                    |             | Phones in the classroom are coming. They are in the classrooms at PC and will be installed here over winter break. Emergency phones voices over IP. Will go hand in hand with automatic door locks. The time line will be throughout the year. PC, CC, BC. The door locks will be the second phase. The conversations are ongoing. This will be all buildings, all campuses, and all classrooms.   | x |   |
| e. Book Ordering Irregularities           |             | Bookstore irregularities – work with your faculty members to ensure the faculty members are using the appropriate book. There have been some issues where students purchased one book  | Х |   |
| f. Student Complaint procedure            |             | Student complaint procedure – Student complaints that fall under academic affairs will go Corey. Sexual harassment, plagiarism, student conduct, student services staff complaints all go to Heather.  | X |   |
