Cerro Coso

Curriculum Mtg. Date	Program Title	Program Description	Reason for Change
CC New Program			
09/18/2015	Information Technology Plus	INFORMATION TECHNOLOGY PLUS CERTIFICATE OF ACHIEVEMENT is designed for students pursuing professional employment in computer information systems for business. This certificate program provides students with skills to enter the job market as help desk providers, computer support specialists, computer repair technicians, networking technicians, information assurance technicians, and cyber security technicians. Designed for both full and part-time students, this program is appropriate to both those currently employed and those seeking to enter this field. Complete each course to be applied toward the certificate with a "C" or better Complete a minimum of 12 units in residence at Cerro Coso Community College	There has been an increasing need in our service area, state and across the country for qualified entry level personnel to enter the CyberSecurity, Information Assurance and general Information Technology/Networking Technology fields. This need continues to expand as the networks and systems in major organizations are infiltrated by hackers and hostile groups. The Information Technology Plus Certificate of Achievement will provide students with a baseline of courses to be immediately employed in CyberSecurity, Information Assurance, Computer Repair, Computer Networking or Computer Operator. The need for this certificate is supported by the employer community within our service area.
