

Counseling AUP 2022-23

Person Responsible:

Christine Small

Unit gap or institutional goals addressed:

It addresses a 2- or 5- year program review strategy, It addresses a gap in outcomes assessment

Improve Counseling Services for Incarcerated Students

Is this part of a multiyear initiative?

Yes

Specific Action Steps to be Taken:

At this time, correspondence is still required with some on-ground services. This will need to be reviewed as the status of services for on-ground counseling changes and as staffing requests are approved or not approved. The goal will be to return to on-ground counseling service at the previous rate or higher after evaluating the need. The format of how counseling services are provided for each prison will be reviewed by the staff/faculty working at those sites. The team will work with ISEP staff to best determine how services can be delivered effectively and efficiently.

Early Observational Data, or "Lead" Measure(s):

CDCR policy changes and allowances for in-person learning and counseling.

Does the department request help developing these instruments?

No

Institutional Performance Data, or "Lag" Measure(s):

Number of on-ground counseling sessions, increase in staffing at CCI, number of students being served at the prisons
