## 2022 Midterm Report Feedback

Cerro Coso Community College is preparing its Midterm Report to submit to the [Accrediting Commission for Community and Junior Colleges](#) (ACCJC) as a condition of maintaining its accredited status. Once every seven years, the college undergoes a comprehensive institutional self-evaluation including an extensive report and visit by a team of peer reviewers. The last such comprehensive evaluation for Cerro Coso Community College was fall 2018; the next one is scheduled for fall 2025. Between these evaluations, the college prepares a midterm report that describes its progress on action plans arising from the last review and other components of institutional improvement, such as those related to student learning outcomes, institutional set-standards, and the self-identified quality-focus action projects.

Cerro Coso encourages a broad base of participation in the preparation of this Midterm Report. We would like your thoughts and ideas how to improve the current document. This **"draft"** version represents input already from faculty and management co-writers, committees and work-groups relevant to the various action items and institutional improvements, and the Accreditation Steering Committee. This draft version is available now and open for feedback until **Friday, April 29**. At that time, the Accreditation Steering Committee will compile the final document in preparation for KCCD Board approval during the summer. Thank you for your interest in this process and your ideas for improvement!

# FACILITIES MASTER PLAN

---

Hello Cerro Coso Faculty, Staff, and Admin,

During this past fall we worked with Gray Decision Intelligence to prepare our Facilities Master Plan that will help to guide our facilities efforts over the next five years. You may remember that the team visited each of our sites in October and met with many stakeholder groups during that tour. I believe they have done a good job representing what they learned and what they saw as important directions for our facilities in the near future, especially in relation to our Education Master Plan that was developed last spring.

Linked from this page is the almost final draft of the Facilities Master Plan. Please take a little time to review the document. If you have feedback, we would love to get that from you and try to incorporate it into the final product that will most likely be presented for Board of Trustees approval later this spring. This draft version is available now and open for feedback until midnight **Friday, January 26**. Thank you for helping with this important planning process.

## Accreditation Statement

Cerro Coso Community College is preparing its institutional self-evaluation report (ISER) to submit to the Accrediting Commission for Community and Junior Colleges (ACCJC) as a condition of reaffirmation of its accredited status. Once every seven years (now eight!), the college undergoes a comprehensive peer review process that includes an extensive report as well as a visit by a team of external reviewers. The last such comprehensive evaluation for Cerro Coso was in Fall 2018. The ISER is due to ACCJC in December 2024, with the campus visit scheduled for early in the fall semester 2025.

Cerro Coso encourages a broad base of participation in the preparation of the ISER. We would like your ideas on how to improve the current document. This draft version represents input already from the faculty, management, and staff teams who carried out the initial dialogue and writing, from committees and work groups relevant to the standards, and from the KCCD Board of Trustees' Accreditation Committee, who saw an earlier draft. This draft version is available now and open for feedback until Monday, October 28th. At that time, comments from this process will be reviewed together with concluding comments from the board committee, the final document will be compiled, and a board action will be submitted for approval by the KCCD board of trustees in December. Thank you for your interest in this process, and thank you in advance for ideas for improvement!
