The purpose of Outreach to strive and empower to motivate potential students to start their educational paths towards a degree, transfer or a career. To inspire current students towards completion and success as they move through their chosen educational path. Creating an enrollment management plan that will provide a responsive, flexible, educational, and research based approach to help increase student enrollment. We want to increase enrollment by creating and implementing a broad, coherent, and well-integrated recruitment plan that is equitable for all in our service area.

Core Services
